Ambition: Amsterdam is a

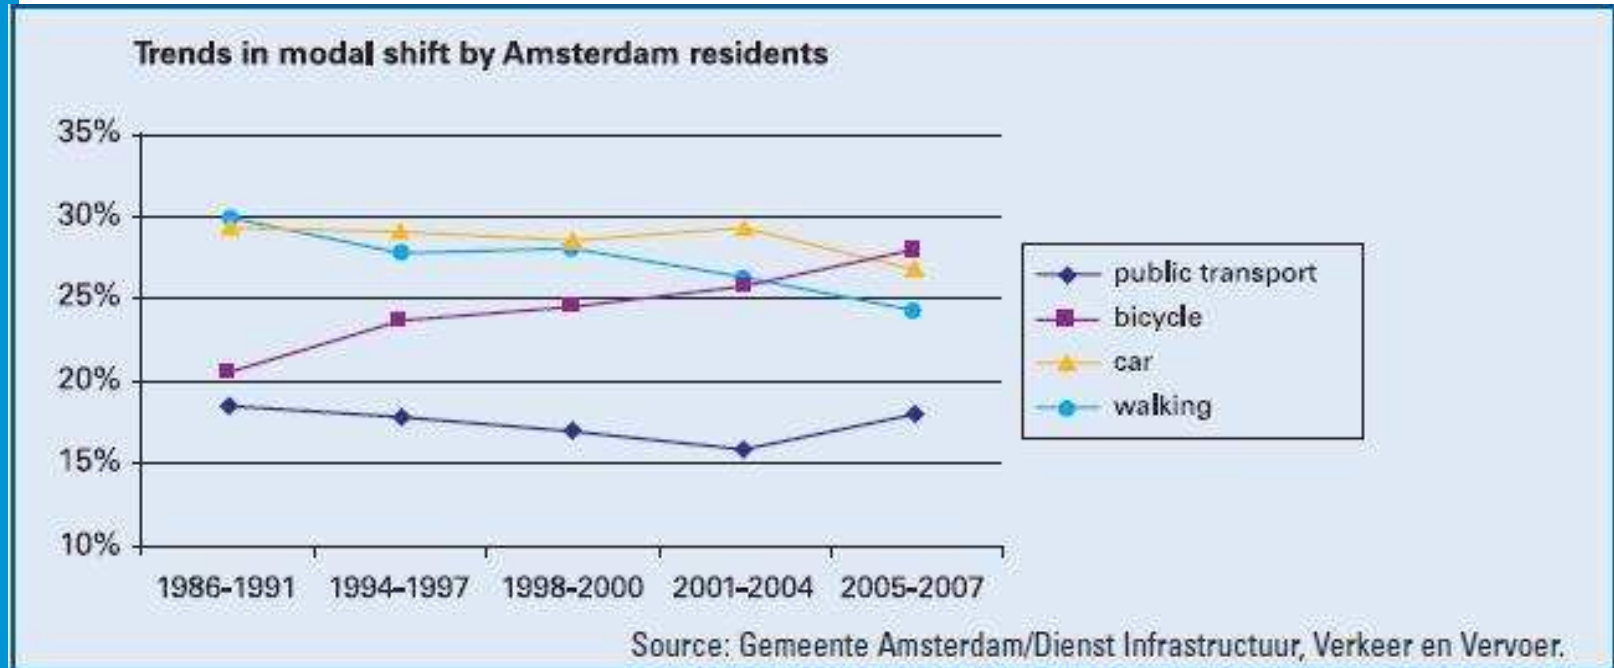

- Clean
- Healthy
- Accessible
- Liveable

CITY

- Quality of life is the main goal
- Innovation is important
- The city has an ambitious Climate Programme

What is 'special' about Amsterdam?

How people go from A to B?

The other side of the bike: parking

Sustainable power of the people

'if someone feels at home in a city, they will treat it with care and feel responsible for it'

Gemeente Amsterdam
Dienst Milieu en Bouwtoezicht

There is much more.....

- A challenging climate programme
- One Water company called “Waternet
- Parks and green spaces
- Heritage and monuments

Over 5 million tourist visit the city every year: why?

- Are we nice people?
- Does the tourist recognize the quality of life in the city?

Warm Greetings from Amsterdam Eco City

Thank you for your attention!

Any questions?
