

MONTHLY PROGRESS REPORT

The Project for Promoting Youth Employment Through Automotive Maintenance Skills Training

Output 1. DEVELOPING COMPETENCY-BASED AND DEMAND DRIVEN CURRICULUM

A workshop was held to present the findings of “Training Needs Assessment (TNA)” and “Labor Market Survey (LMS)” which were undertaken to identify the existing gaps and training requirements in Automotive maintenance skills. Approximately 40 participants from various institutions participated in this event.

Output 2. ESTABLISHING A CENTER OF EXCELLENCE FOR AUTOMOTIVE TECHNICIAN TRAINING

Four automotive experts from Government Technical Institute (GTI) Kissy successfully completed a three-week Training of Trainers (ToT) course on Auto Electrical Trainings at the Kigima Training Center in Pretoria, South Africa. As recognition of competencies gained, the participants received four distinct certificates, each corresponding to the different levels of Auto-Electrical courses completed, accredited by the Manufacturing, Engineering, and Related Services Sector Education and Training Authority (merSETA) in South Africa.

A one-week ToT has been scheduled with CICA Motors (SL) Ltd., Toyota official distributor in Sierra Leone. During this training, GTI automotive experts will be trained on work safety practices at Automotive workshops.

All logistical and procurement arrangement have been completed for the four automotive experts from GTI Kissy to attend a six-week ToT at West African Vehicle Academy (WAVA) starting 20th of August 2023.
