Business Overview:

The LS-MFEZ Limited is the special purpose vehicle (SPV) which was established in June 2012 by the Government of the Republic of Zambia to manage, operate and develop the LS-MFEZ (The Zone). The zone has 2,100 hectares of land which is designated for industrial, commercial, residential, research and development and institutional development. The zone provides services which include roads, electricity supply, fibre optic, and water sewerage network. The zone also offers fiscal incentives such as 0% import duty on machinery, equipment and raw materials; accelerated depreciation on capital equipment and machinery. Currently it has approved 48 companies with investment levels of close to 1 billion.

Expecting Business with Japan:

- Investors to come set up manufacturing industries in the Zone
- Partners in the development of infrastructure in the zone
- Finance to development the infrastructure
